To the Resident / Business Owner

Re: Seven Ways, Bondi Beach Public Domain Works – commencing Monday, 20 April 2026

Dear Resident / Business Owner,

In 2019, Waverley Council completed the Seven Ways Public Domain Upgrade, which delivered significant improvements to the local streetscape and public amenity.

The public domain layout is now being reconfigured to create a new stormwater overland flow path for better drainage performance during heavy rainfall periods.

Scope of works include:

- Installation of overland flow path to direct water away from nearby properties
- Regrading of footpath surfaces
- Removal of concrete benches
- Relocation of palm trees
- Coordination with utility providers as required.

Works will commence on **Monday, 20 April 2026** and are expected to be completed by **end of June 2026**, weather permitting. Work hours will be from **7am–10pm, Monday to Friday** and **8am–1pm on Saturdays** (if required). Any work to be done outside standard construction hours will be notified in advance. In the event of wet weather, work will commence the following day.

A further notification letter will be provided by Council's contractor approximately three days prior to the start of works to confirm details. **During construction, on-street parking will be occupied to allow access for construction vehicles and delivery of materials to site.**

We apologise in advance for any inconvenience and will work as quickly as possible to minimise disruption. Traffic will be guided by trained **Traffic Control Personnel** at this location. Please follow signage on site for changed traffic conditions.

If you have any questions or require further information, please email majorprojects@waverley.nsw.gov.au or phone **(02) 9083 8000**.

Kind regards,

Cameron Eccles
